434 NW 6<sup>th</sup> Ave. #202  
Portland, OR 97209

Dear Potential Festival Vendor,

The Goose Hollow Foothills League is looking for booth vendors to participate in this year's Goose Hollow Days street fair: and this is shaping up to be a special one! Here's why...

The Vista Bridge in SW Portland is turning 100 this year, and we are inviting the city to celebrate! Originally called the Vista Avenue Viaduct because of its role connecting the two elevated points high over the Tanner Creek ravine (King's Hill and Vista Ridge in Portland Heights) the Vista Bridge forms a graceful arch that forms a gateway to and from Portland.

On Sunday, August 30, 2026, we will celebrate the Bridge during our annual Goose Hollow Days street fair. The best part is that the street fair will take place "atop" the bridge. The fair will run from 11 am until 4 pm.

We invite local vendors to set up a sales or information booth that is up to 10' x 10' with no fees.

We anticipate a fantastic crowd and are hoping for a beautiful summer day; however, please note that the bridge is high above Jefferson Street, and we cannot anticipate how the elements will behave on the day of the event.

Are you in?

Please confirm a few details:

- Are you interested in hosting a booth at the Goose Hollow Street Festival?
- Are you a business or an active organization?
- Please describe your craft, service, offering, or business, and include your website, if you have one:

We have a limited number of spaces available, so please reply to this email as soon as you are able to, confirming your interest (or lack thereof). Please feel free to share this letter with other vendors. Send questions and comments to me at [rachelclark67@gmail.com](mailto:rachelclark67@gmail.com).

With Kind Regards,

/Rachel Clark/

Rachel Clark,
